*If there is damage to the engine, due to wrong fuel in tank, the customer will be charged the additional workshop price as there is no insurance coverage on these damages.

From 7.1.2 in terms and conditions: "This damage will be charged to you at the repair price mentioned in the list displayed at the counter. Repair costs will be directly billed to you by Enterprise Rent-A-Car and will include the cost of the damage repair as well as administration charges, immobilization costs, spare parts and labor costs."

Damage Assessor

When you have located your car in the parking area, please take a close look at the car to make sure all damages are marked in the rental contract, as described below.

If you find any damages that is not marked on the rental contract, you are obligated to inform the rental office about the damage before leaving the premises so that your rental contract can be updated.

We use the damage assessor shown on the left to evaluate if the exterior damage is chargeable or not. All damages bigger than the measurements on the damage assessor is considered chargeable.
